ABOUT US

SANFORT WORLD SCHOOL is the progression of India's Leading Preschool Chain SANFORT. The international school chain with 250+ branches in India and neighbouring countries is listed in "Top 5 preschool chains of India" and enduring its key attributes to provide quality education to every child and to create an environment that supports holistic development, Sanfort ventured into primary and K-12 school.

SWS, Greater Noida has a sprawling 6 acres of campus with pre-eminent infrastructure and challenging environment that supports the learning process of children. The huge playground, auditorium, swimming pool, cafeteria and fun-learning zone helps in physical as well as mental wellbeing of the children and provides the perfect atmosphere for their academic and co-curricular pursuits.

— MISSION —

Our mission is to cultivate in students a life long passion for learning and bestow them with an enriching learning experience that allows each child to achieve their optimum potential. We endeavor to craft socially conscious and responsible individuals by inducing in them the feeling of respect and concern towards the environment and society.

— VISION —

Our vision is to create an atmosphere that fosters skills and attitude in children for life in this rapidly changing world. We aim to ensure affordable experiential learning to the children.

THE BRAIN BEHIND SANFORT

SANFORT – The U. K. Concept Preschool Chain is a brainchild of husband-wife duo Dr. S. K. Rathor & Mrs. Kavita Rathor. They started their first preschool in 1999 with a bouquet of attractions, concepts and role-play models for tiny tots based on the **'Play-Way'** methodology or **'Learning by Doing'**. After more than 10 years of rich experience in the field, they launched their school brand, SANFORT in December 2009 based on the U. K. concepts of preschool education. Under their strong leadership, SANFORT has grown as the most trusted school brand in the country and bagged many prestigious awards.

The Success story of SANFORT is published in Asia's no.1 franchising magazine **"The Franchising World"**, Education magazine - **"Silicon India Education"**, Asia's premier magazine on ICT in education - **"Digital Learning"** and in many other leading newspapers & was telecasted on Zee Business.

DR. S. K. RATHOR

Founder, Chairman & MD

Dr. S. K. Rathor, M.Sc. and M.Phil. in Physics and MBA in marketing, started his career as Computer Engineer in one of the top IT Company of the country in 1991. After four and a half years of his service, he established and successfully ran his own Computer Company but his undying passion towards education, inspired him to venture into early year education.

Dr. S. K. Rathor is decorated with **"Entrepreneur of the Year Award"** for his contribution in the field of education and is awarded as **"The Most Successful Educationist in Early Childhood Education"**. He is a well-known name in the field of education today and his Success Story is telecasted on ABP News. Mr. Rathor is a regular speaker at major conferences & seminars on Education & Entrepreneurship in the country.

MRS. KAVITA RATHOR

Founder Director

Mrs. Kavita Rathor is a renowned personality in the field of preschool education. She did her Masters in Education and started her first preschool in 1999 with lots of passion & fascination towards early childhood education. She researched and innovated various unique concepts and developed a distinct preschool education system. She has written a series of books for SANFORT and is deeply involved in designing & development of curriculum. She has been awarded as the **"Women Entrepreneur of the year 2015"** for her contribution in the field of education. Her success story is published in the leading newspapers **"Nav Bharat Times"** & **"Hindustan Times"** and many other leading publications.

The husband wife duo were awarded as "Educationist Couple Of The Year 2017".

Director's Message

**“Children must be taught
how to think and not what to think”**
– Margaret Mead

Truly imbibing in the very essence of saying, I believe that education is a complete process that leads to the attainment of the full potential of the child and with the constantly changing and challenging environment we need to broaden our teaching methods and encourage our children to be creative, self-explorative and intuitive. We must teach them how to think for themselves so that they can expand their reality and be self-reliant for tomorrow's world.

At Sanfort, children are accustomed to think, to question the reality and search for themselves the solutions, hence making them believe in their skills and ideas and enabling them to approach life with more confidence & self-reliance and less fear & doubt.

We aim to nurture children holistically by recognising their talent academically, creatively & socially. To support their learning process we create an inquisitive and challenging environment where children must find their own way of doing things by giving sense to their world and gradually forming their own values.

Ms. Sneha Rathor Khandelwal
Director

With our ideologies and beliefs, we aim to be recognized as a torch bearer of leading educational methods and an institution that has students defining the future not only for themselves but for the world as well. We have and will continually strive for brighter and more secure prospects for our children.

Principal's Message

“The whole purpose of Education is to turn mirrors into windows”

– Sydney J. Harris

Ms Vandana Seth

Principal

Sanfort World School , Greater Noida

The distance between your dreams and reality is called action and hence we ensure that the journey of our students is completely action packed. Be excited and seize the moment ! Education is for improving the lives of others and for leaving the community and world better than you found it. We, at Sanfort World School, acknowledge the fact that every child is unique. George Evans has rightly quoted, “Every child can learn – just not on the same day or in the same way.” Looking at the rapid economic and social change, the biggest challenge for us currently is to prepare our students for careers that have not been created, technology that has not yet been invented and problems that we don't yet know will arise. Let's focus on adaptability, technology and the 21st century skills to help our students thrive in the face of new challenges. It's time to arm them with a strong, reliable and diverse network and equip them with education for social responsibility and democracy. We, just like you, believe in holistic education for your child embracing arts, sports and music along with academics. Our endeavor

is to strike a balance between state-of-the-art infrastructure and an internationally acceptable education. The campus, sports and academic facilities are a manifestation of this thought process. Professional training, leadership, collaboration and positive attitude is an integral part of the daily routines of our learning facilitators. They read and explore the new techniques of transacting the curriculum in a never-ending effort to better themselves and their skills. We allow the students to construct their own understanding and knowledge of the world through experience and reflecting on the experience. Encouraging a progressive outlook, we apply the integrated approach where students learn by forging connections between concepts and ideas across different discipline and boundaries supplemented by varied learning resources. Value education and the United Nations Sustainable Development Goals is interwoven in everything we teach at school and we try our best to extend it to the personal, campus, community as well as the global level. The key is to nurture a growth mind set. The learning facilitators at school offer inspiration and guide the students to discover for themselves. The environment in campus makes them feel empowered to learn. With our motto 'I believe, I become' we help them create the highest and grandest vision possible for their life. For us, educators at school, nothing makes us happier than seeing our children happy - the spark in their eye when they accomplish their goals, their laughter when they crack a joke or their victorious smiles when they proudly hand over their latest artistic masterpieces to us. We love to see them lead the learning. It's truly gratifying to see them explore their interests as their first step. While we all work at their strengths, they are busy pursuing their passions and discovering new strengths and this paves the road for their future success. And the best part is that all of us have fun along the way and while we collaborate we understand that “We are greater than the sum of our parts”. We welcome the parents' active interest and involvement in the progress and activities of their children and we strongly believe that together we make a better world ! Join us to experience the exuberance of being a Sanfortee !

GLOBAL PARTNERS:

Pioneer Partner:

TRINITY COLLEGE OF LONDON

SANFORT is the pioneer preschool chain partnered with TRINITY COLLEGE, LONDON for The Trinity Stars: Young Performers in English Award. The Trinity Stars Awards are designed to encourage the teaching and learning of English language through drama, music and performance for early learners, who are starting to learn English and to award them an International Certificate and medal at this early age. Preparing children for the Trinity Stars award, shows how performance-related activity supports learning, motivates children and builds their confidence and communication skills. Trinity Stars has been designed to support both learning in the classroom and teachers' professional development.

Member:

BRITISH ASSOCIATION OF EARLY CHILDHOOD EDUCATION

SANFORT is an active member of "British Association of Early Childhood Education" U.K. British Association for Early Childhood Education is the leading organisation based in U. K. working for over 90 years on professional development of all those working in early childhood education to ensure effective early childhood education. As an active member of the association, SANFORT gets insight about the innovation in early education and is constantly assisted by the organization for development of curriculum and teachers training.

Member:

PRESCHOOL LEARNING ALLIANCE

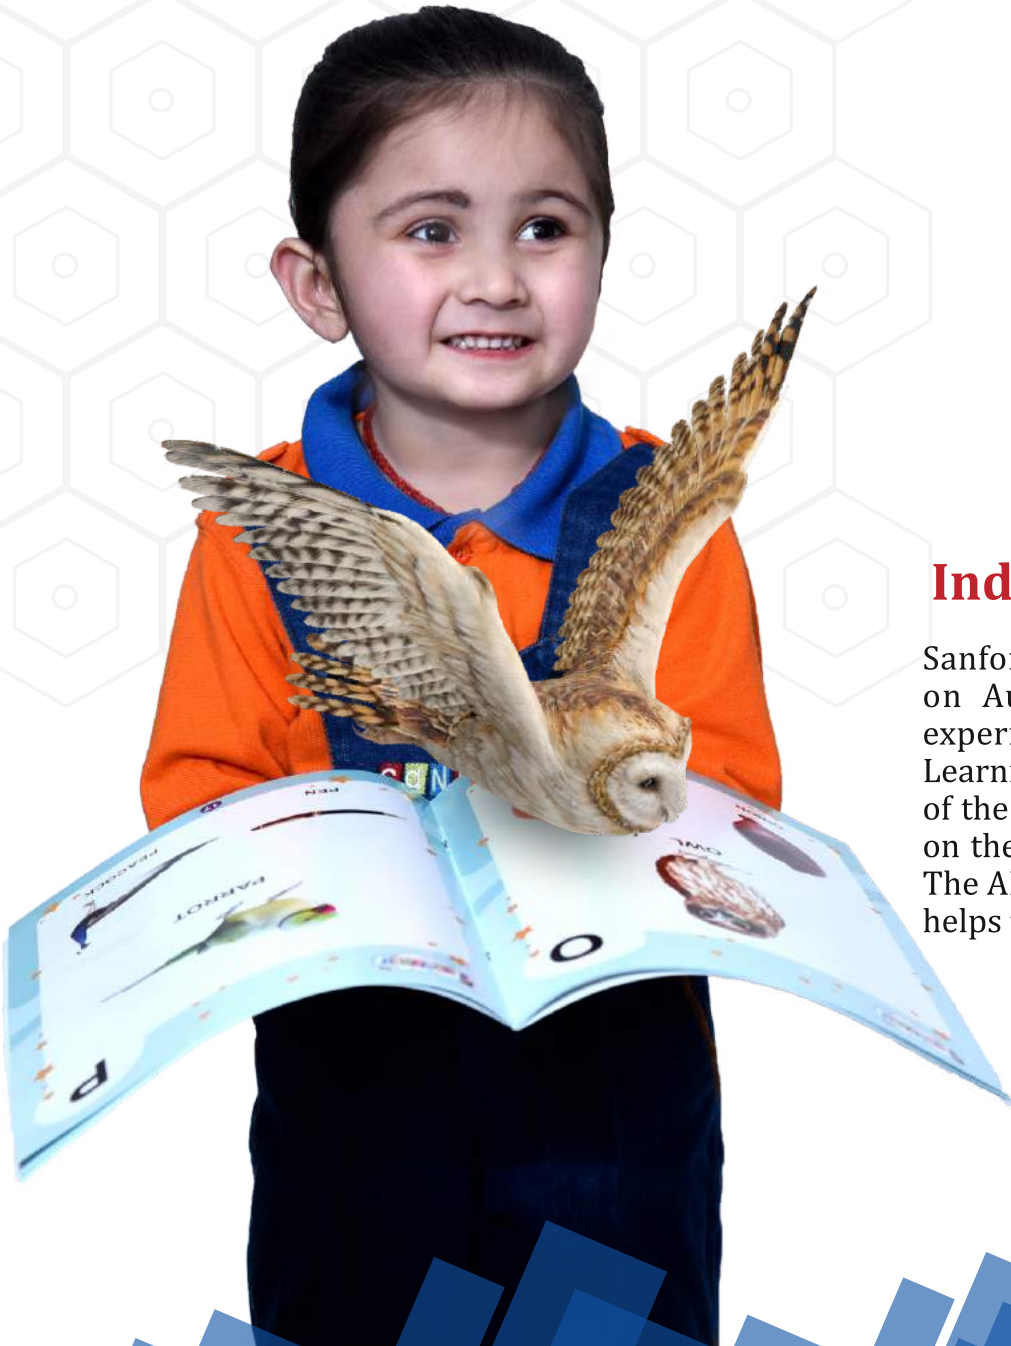

SANFORT is an active member of Preschool Learning Alliance – U. K. Preschool Learning Alliance delivers acclaimed training, qualification courses, offers information and advice to early years professionals and parents and campaign to influence early years policy and practice.

EARLY YEARS ARE SO UNIQUE!

Early years are the most crucial years of a human life, and at Sanford, we give the utmost importance to nurturing these little ones with love, care, and a fascinating world of learning. SWS is a wonderland of learning for little ones with colourful classrooms and interactive playzone, dollhouses, farmhouses, zoo, hospital, farm shop, petrol pump and many more well-designed hands on learning concepts for our curious early learners.

**Exclusive Pre-primary Wing | Interactive
Playzone | Themed Classroom | Indoor Play Area**

SANFORT CURRICULUM 2.0

India's 1st AR based Curriculum for Early years

Sanfort has launched its new curriculum 2.0, an app SanMeta based on Augmented Reality for the 1st time in India. Children can now experience their books coming live in their school and at home also. Learning through AR technology gives the children a relatable experience of the concepts; they can see birds flying out of their books, animals walking on the floor, planets revolving in the classroom and fruits on their palm, etc. The AR Learning ecosystem makes learning live, interactive and fun-filled and helps teachers and parents to make learning experiential.

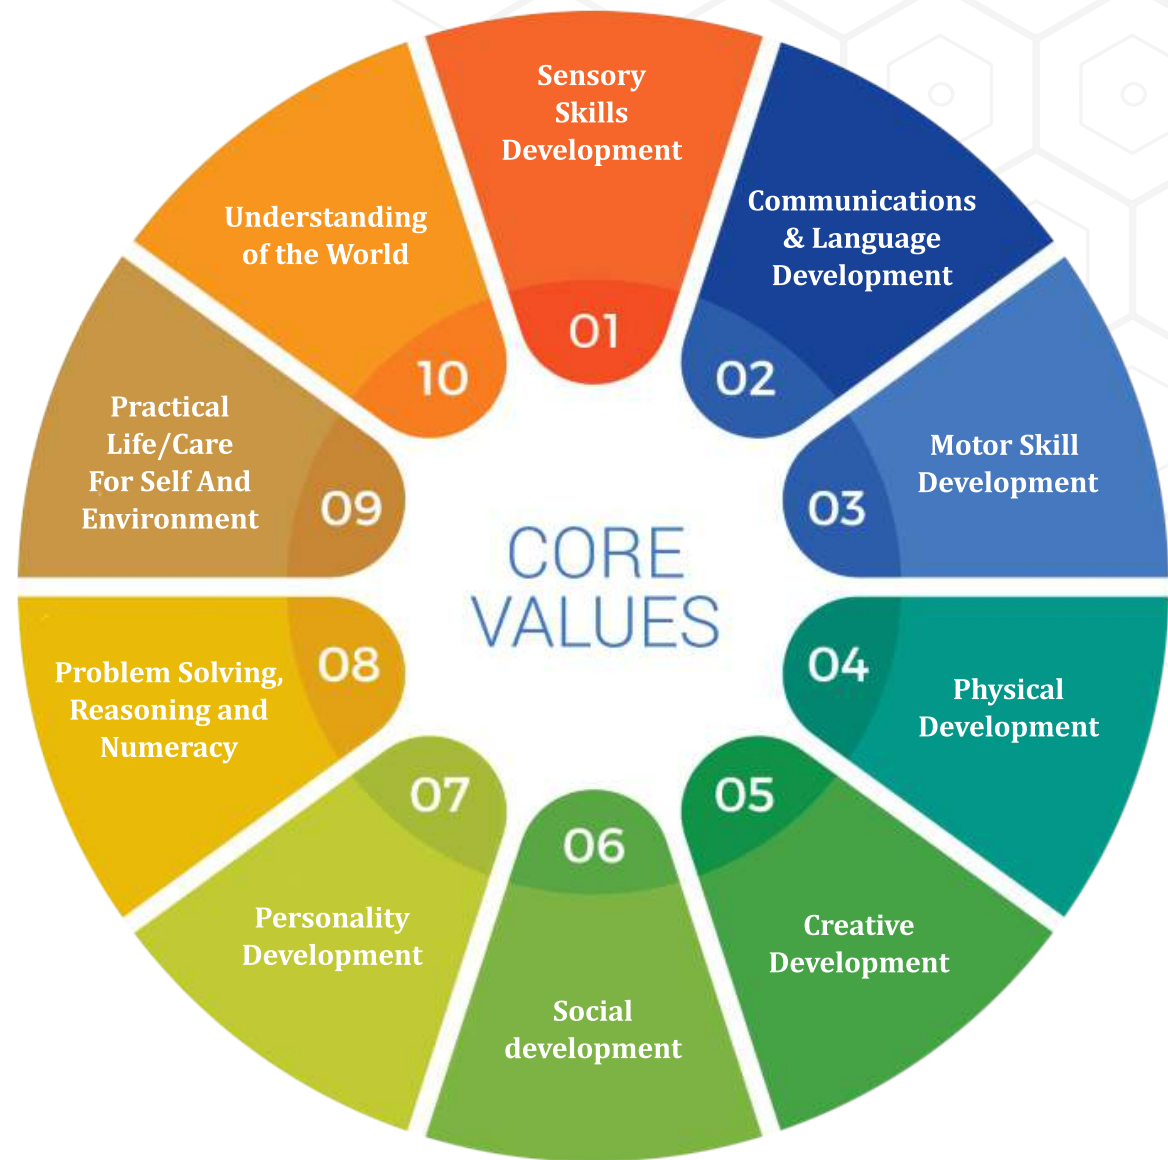

Powered by

EARLY YEARS

OUR PEDAGOGY

Our curriculum is based on The U. K. Concept of Preschool Education (EYFS - Early Years Foundation Stage), which involves effective and time-tested elements of traditional learning infused with cutting-edge technology resources, which makes the teaching learning more effective and joyful. The curriculum is crafted to help children to learn with the help of uniquely designed activities, games & role-plays.

Our Curriculum

Middle And Secondary Years

Children are born with natural curiosity & inquisitiveness so it is very important to quench their needs and make learning enjoyable, exciting and stress free. Our curriculum has been mapped out of sound pedagogy and latest technologies with the purpose of facilitating **Scholastic and co-scholastic skills**. We recognize the need for an **individualized curriculum**. After careful planning and thorough research, SWS has designed its annual curriculum to be a road map of the learning and teaching process that will take place in an entire academic session. We encourage students for **integrated and thematic activity-based teaching** for each subject. **Experiential learning** and co-curricular activities allow each child the freedom to find his / her areas of strengths and interests. **Collaborative learning** is a regular feature at this stage, as children learn to work together, as well as independently. SWS seeks to develop **21st century learning and life skills, language proficiency, leadership & organizational skills, critical thinking and creative skills**, which in turn will enable the students to become successful global citizens. **Art integrated activities** are provided to students to strengthen their curiosity, imagination, and sense of wonder as well as to have a positive impact on the skills related to intellectual, socio-emotional, motor, language and overall literacy

EXPERIMENTING THE SCIENCE OF LEARNING

Physics Lab | Chemistry Lab | Biology Lab

The most innovative & effective method of teaching is by researching and learning by doing. Well-designed laboratories can help students develop competence with scientific practices such as experimental design, argumentation, formulation of scientific questions and the use of chemical equipment such as pipettes and volumetric glassware.

The Physics, Chemistry, and Biology laboratories are well-equipped at the school. Students are encouraged to use these laboratories to conduct experiments in order to learn through experiments and self-exploration.

SKILLS FOR LIFE

Life Skills Lab | Mathematics Lab |
Organic Farming Club | Culinary Club

Sanfort World School strongly believes that "habits form behaviours, behaviour form character, and character moulds a successful personality."

Life skills lab is specially curated to emphasize the interpersonal and intrapersonal skills of the Sanfortees. Communication, interpersonal skills, teamwork, presentation, corporate habits, and negotiating abilities are all covered in our Life Skills laboratories. Each student receives a personality development plan, with input given through organised training and personalised mentoring.

The lab gives opportunities for self-discovery and to manage day-to-day life situations skill fully and also discover their interests, strengths, and weaknesses through various group activities like cooking, washing, cleaning, mending, gardening, social work, etc. Our interactive Mathematics Lab introduces our students to various formulae and methodologies, bridging the gap between the real and the abstract world through various mathematical experiments and games.

WORLD CLASS READING STUDIO

“**READERS OF TODAY
LEADERS OF TOMORROW**”

Our state of the art reading studio enables children to develop a love for books and become lifelong readers. In SWS both multimedia in-house library and e-library have an array of books from various genre like literature, science, biography, records, Journals, history, fantasy, political, etc covering all fiction and non-fiction readings

TECHNOLOGY FOR TOMORROW

IT Studio | Robotics Lab | Technovation Club |
Pi-thons Club

Information technology has become an integral part of our lives. Using technology as one of the core bases for studies, SWS has two separate IT studios with the latest technology devices and software for Junior and secondary classes respectively. The studio are very spacious and air-conditioned

Table Tennis | Cricket | Football | BasketBall | Chess |
Lawn Tennis | Skating | Hockey | Volley Ball | Hand Ball |
Racing Track | Yoga | Taekwondo | Badminton | Carrom

"WHAT CAN BE LEARNED ON THE GROUND CANNOT BE LEARNED IN THE CLASSROOM"

Sanfort schools have developed world-class facilities for outdoor and indoor sports to cultivate in students the sportsman spirit and also encourage students to participate in various intra and inter-school tournaments. The school has a massive playground for outdoor sports like hockey, football, and cricket and courts for badminton, tennis, basketball, and volleyball etc. Indoor sports are as essential as outdoor. The school has indoor sports and wellness areas for table tennis, carrom, yoga, dance, taekwondo, chess, etc.

The school also has specially designed indoor and outdoor play areas for the early years and pre-primary wing, keeping in mind the safety measures. It has fun rides, a huge ball pool, a trampoline, and a grand free play area.

WORLD CLASS SWIMMING POOL

Swimming is a life skill that everyone should know. The school has all-weather swimming pools for pre primary, primary and senior wing. All the safety and hygiene measures are taken as a priority for swimming lessons under the supervision of well-trained and certified swimming instructors. According to the National Building Code, our swimming pool meets all health and safety requirements. At all times, qualified staff ensure that our pool is clean and the water chemistry is correct. Students are always under the watchful eye of professional lifeguards. We also have a swimming club for students who want to pursue swimming as a sport for life.

EXCLUSIVE GOLF PUTTING RANGE

We feel elated to be the 1st school in Greater Noida to bring a state-of-the-art golf putting range for children. We believe golf is an important sport to improve concentration levels, confidence, self-esteem, and mental wellbeing in children. Sanford Golf putting range is a facility for first-time golfers that allows you to learn and practise golf with a variety of customised coaching programmes for adults and youngsters.

Visual Arts

The Creative Pod Club | Photography Club

The visual arts curriculum at Sanford World School is ingrained with the experience of creating. Visual art provides ways for students to represent, explore, respond, and can be used to express ideas, experiences, and feelings.

Students at Sanford are engaged in meaningful, open-ended, art-making activities that enable them to express personal feelings, experiences, and ideas and also develop the skills to use art tools, materials, and techniques. Various forms of art help us to let out our emotions and skills. Painting, drawing, sketching, photography, craft, sculpture, textile designing, digital painting etc are examples of Visual Artworks that are being practiced at our school

PERFORMING ARTS

The performing arts in education play a crucial role in helping students better their imaginative abilities and persona but is often clouded by scholastic subjects leaving a little time for students to engage in what they love.

Originating in a fanciful play, narrating a story and show and tell, performing arts is probably known to have been a part of your child's creative play long before they are engaged in their first class on the subject. It permits them to investigate another person's perspective, as they perform other roles. This crucial part of development can be fended for through performing arts.

MUSIC

Music is a part of the course for every student at Sanford World School, subject to the belief that it requires the use of both hemispheres of the brain and involves kinesthetic skills, language skills, and facial expression.

At Sanford World School, students are given ample freedom to absorb, understand, create, and perform Indian, Western, and classical contemporary music as per their inclination and aptitude.

DANCE

Dance is a source of cultural experience and a vehicle for cultural expression for any human being. Students of Sanford World School are provided with ample opportunities so that they can develop an understanding of a range of dance forms, genres, and styles. Skills, knowledge, and understanding of the dance forms as they have evolved and developed in India and the world are appreciated and developed.

DRAMA

Drama at Sanford World School will supply students with ample possibilities to engage in acting, directing or technical skills. At Sanford World School, drama is used particularly to assist students to shed their inhibitions and prepare them to interact with confidence in public . We also intend to help students to comprehend and construct human characteristics and behavioural patterns through drama.

ENVIRONMENTAL AWARENESS

Eco-lution Club

Sanfort World School organises a variety of environmental awareness programmes to encourage students to interact with and conserve the environment, as well as to assist communities in becoming more environmentally conscious. Sanfort World School has launched a "Say No to Plastic" campaign to increase awareness among students. All of the plastic waste had been brought in by students and staff from their homes. Sanfort World School also organises Swachhta Rallies and Nukkad Nataks to raise awareness about the importance of keeping Greater Noida clean and green. Students learn about the importance of the environment and how important it is to plant trees through our Eco Club. On their birthdays and other noteworthy occasions, children plant as well as adopt the trees.

CAFETERIA

"Creating Healthy Habits for Life"

The school makes certain that all kids are taught healthy eating habits and that they have access to healthy food while at school.

Fresh, nutritious meals and snacks are served in a full-fledged cafeteria.

We are devoted to delivering subsidised, balanced, and nutritious food to our children.

SAFETY & SECURITY

Children's safety and well-being is our highest priority. Sanfort World School provides a safe, secure and friendly environment for children. All the entry gates in the school premises are electronically restricted for unauthorised visitors. Multi-level security systems are employed within and outside the school building to create a safe environment for the students. Strict security procedures are followed in the event that children are picked up from the school during school hours. School premises are equipped with CCTV cameras, which will be taken care of with regular maintenance. School transport is equipped with a camera and GPS tracking system for the student's safety and security.

TEACHER RESOURCE CENTRE

We have created a Teachers Resource Centre that assists teachers in both their academic work and in creating a community of learners who feel welcome to receive and offer help. The resource centre assists them with assignment writing and concept creation, as well as provides instructional materials. The TRC at Sanford World School is equipped with computers, resource materials, and refreshers. Brochures, journals, printers for printing educational materials, models for educational purposes, flash card, placards, charts and various e-learning modules are some of the resources available.

COMMUNITY OUTREACH

At Sanford World School, we instill in our students the fundamental values of sharing and caring. We sponsor different Community Service Initiatives such as blood donation camps, cleanliness drives and book donations as part of our commitment to better the lives of individuals and the community. Our kids build leadership, resilience, empathy, and service-mindedness through community outreach activities and projects. Our school partners with NGOs, charitable organizations, social workers and causes on a regular basis in order to give our students more opportunities to make a meaningful difference.

INFIRMARY

Health is the utmost priority at SWS. We have a fully equipped infirmary with professional nursing staff. We have the best hospitals on board in case of emergency.

Periodic visits from health care specialists, such as a paediatrician, general physician a dentist, an ophthalmologist etc. to the school for routine medical examinations.

We hold frequent health education programmes on topics such as first aid, good habits, nutrition management, stress management, as well as yoga and meditation classes for students.

ASSESSMENTS AND EVALUATION

Primary (Nursery-V) & Middle (Classes VI-VIII)

1

Class I to VIII will be evaluated comprehensively and continuously throughout and continuously throughout the year. Unit evaluations will be conducted as per schedule during the course of the years. As per the results of these evaluations, grades will be awarded to ensure a conducive learning environment devoid of stressful competition.

Secondary (Classes IX & X) and Senior Secondary (Classes XI-XII)

2

The school follows the Uniform System of Assessment in the classes IX to XII as per the Examination Reforms proposed by the CBSE. It emphasises two-fold objectives: continuous evaluation and assessment of broad-based learning.

The uniform system of assessment is twice a year, respectively, as Term-I and Term-II.

Our assessment scheme is a combination of formal testing and observation of all formal and informal assignments children do in and out of school. Several criteria are adopted in evaluating children at a specific level.

The formal assessment system is on behalf of different types of evaluation, which include class tests, periodic tests, unit tests, projects, models, presentations, group activities, puzzles and quizzes, problem-solving assignments and half-yearly and annual assessments.

The informal assessment includes observations, worksheets and orals.

SANFORT APP

The Sanfort app makes a great communication bridge between all the stakeholders. The app is designed with a user-friendly interface to ensure smooth communication and constant updates to all the stakeholders: Sanfort head office, franchise owners, branch heads, teachers, and parents.

The App provides a hassle-free communication channel for parents by updating all the information about the child and school in one go. It gives instant access to events, the yearly academic calendar and planner, assessment notification, attendance update, newsletter, school travel information, and more.

The specially curated app by the company also ensures safety and security features for the Sanfortees through GPRS tracking.

The specially curated app by the company also ensures safety and security features for the Sanfortees through GPRS tracking.

Furthermore, the Sanfort app also helps smooth communication between the Sanfort head office and all franchise owners spread across India and neighbouring countries, and enable the company to implement a uniform curriculum across all its branches.

**Creating a hassle free
communication channel
for parents**

FACULTY

Our facilitators

The teacher works as a facilitator for the students and always guides them in the right direction. Our teachers make use of flipped classrooms, project-based learning, brainstorming, roleplay, interactive lab experiments, and self and peer evaluation to make learning more engaging and effective. At SWS, we conduct skill up-gradation workshops, seminars, and educational events for our teachers.

The teachers are highly qualified, passionate, and motivated to create an enriching learning experience for the children. They are engrossed in creating varied learning and teaching techniques within an innovative curriculum. Our teachers with various Learning pedagogies that kindle children's interests towards their learning and nurture them holistically

At Sanford, teachers are well trained to implement the learning materials and comprehensive & child-centric lesson plans, which are researched, designed, and developed centrally by our experts. They are equipped with in-service orientation, education, and training programs, inter-school exchange programs, and many other skill upgradation activities.

Primary Teachers:

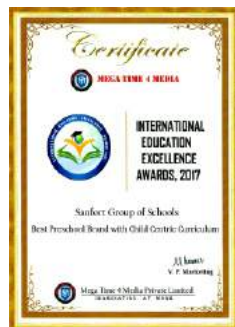

The minimum requirement to be an SWS primary school teacher is a graduate with a bachelor in education (B.Ed.) degree.

Secondary and Senior Secondary Teachers:

SWS secondary and senior secondary teachers must have a post-graduate degree and a bachelor in education (B.Ed.) degree.

SWS also ensures that our teachers also possess teaching experience.
